

# Air Conditioner

MODEL 113R

# Cool Comfort, Bryant Reliability.

## America's Choice for Dependable Comfort

Bryant has a history of doing whatever it takes to deliver trusted quality, comfort and value to millions of homeowners nationwide. It's a reputation we're proud of, and one that is supported every day by our dedicated product development team. Today, as consumers become more and more value-conscious, it's comforting to know you can count on Bryant for reliable, efficient cooling you can depend on - the Model 113R.

The Bryant Model 113R delivers soothing comfort at an economical 13 SEER cooling efficiency. It is built to withstand the rigors of installation outside your home with our tough sheet metal construction. And, with its Microtube™ Technology refrigeration system, the quiet, reliable scroll compressor, and a variety of thermostat options for system control, it provides responsive cooling you can count on, year after year.

## Warranty

Bryant's Model 113R provides dependability backed by written warranty protection. The entire system is covered by a 5-year limited warranty. Extended warranties are also available. Ask your trusted Bryant dealer for details.

## Looks Good, Performs Better

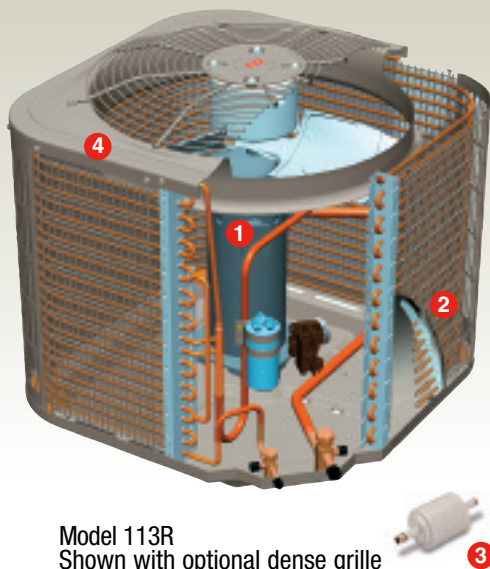

We're proud of how the Model 113R looks, and we're even more excited about how it's built to last. Our wire grille protection package helps prevent coil damage while resisting cabinet scratches and corrosion as well. And, Bryant is the only manufacturer to put every single air

conditioner we make through a thorough, 5-step 100% reliability run test process. So when you retreat to the comfort of your home, you can be confident that the Model 113R will deliver comfort you can count on.

## Performance

## Home Comfort Components

- 1 ENVIRONMENTALLY SOUND**  
Our scroll compressor is designed for quiet comfort and years of environmentally sound, energy-efficient performance.
- 2 RELIABLE PERFORMANCE**  
Bryant's Microtube™ Technology refrigeration system with copper tube/aluminum fin coil maximizes transfer of heat outside your home to ensure cooling efficiency. Coil materials and design minimize chances for rust and corrosion for lasting performance.
- 3 LASTING COMFORT**  
A filter drier protects the unit's most important single component: the compressor.

- 4 BUILT TO LAST**  
Bryant's sheet metal construction ensures lasting durability and good looks through years of exposure to weather, sports and lawn equipment and more. Three key elements to this package include: galvanized steel cabinet, baked-on powder paint, wire coil guard.
